Incentive Specialty Role Pay 2017

The first specialty role incentive pay for 2017 is expected to be paid on the January 20, 2017 paycheck. According the 2016 contract side letter, the annual \$3,000 pay for specialty role participation will be prorated according to commitment and divided into two installments.

The first payout installment is the first payroll period following January 1, and the second payout is the first payroll period following June 1. Check with your manager to be sure you are on the specialty role list that is submitted to payroll. As always, review your pay stub for correct hours, hourly rate, PTO and ATO accrual hours, and report errors.

Premium Pay for Holiday Consecutive Weekends

If you have worked *any* portion of the past two holiday weekends, (not voluntarily), and are scheduled (not voluntarily) to work any portion of the weekend of January 7 and 8, this qualifies you for premium weekend pay for the third weekend worked, and for every following weekend shift worked until you get a **full** weekend off.

This contract benefit can be reviewed in the Collective Bargaining Agreement by SHC members in Section 17.2 and LPCH section 16.2 "Guarantee of Weekends Off"
